The Pillar Awards were established to honor women who exemplify the 5 Es for Life: Educate, Empower, Encourage, Engage, and Evolve in four core areas: Relationships, Professional Development, Impact, and Wellness. Each nominee and award recipient has demonstrated a commitment to making a difference within their sphere of influence, inspiring others to take bold steps in their own lives. As we enter our third year, the significance of these awards continues to deepen, creating a ripple effect of positive change across communities. What began as a vision to highlight the brave actions of women has transformed into a movement. The Pillar Awards have expanded in scope, recognition, and attendance, attracting influential leaders, advocates, and changemakers from diverse industries.

Since its inception, the Pillar Awards has seen tremendous growth - starting with 135 attendees in 2023, more than doubling to 306 in 2024, with over 400 expected to attend in 2025.
